	Recreation Fees	\$7,500.00
	Grand Total	\$19,029.00

MARCH 6, 2024

Barton had a meeting with Cornell Cooperative, they are doing some renovations. The service is quite remarkable.

For years we have talked about Water and Sewer in our Light Industrial Zone. We have water but unless we find a lot of grant money, it is going to be difficult to get sewer.

Barton suggests a new zone, Light Manufacturing allowed in GB Zones. These zones start around Grand St. Think about Lumen Lane, that is GB Zone. They are all Light Manufacturing, which means everything occurs inside the building. Other than deliveries, nothing spills outside of the building.

Much like the Walkway zone opened new opportunities, Light Manufacturing could provide opportunities allowed in other zones.

He did a webinar with Granicus, which is basically software for STR.

He attended the DEC Wetland Seminar. The changes being proposed are going to be significant.

Silver Gardens project has applied for their building permit. They had a preconstruction meeting.

Barton discussed the OPEN DEVELOPMENT application from Ricky Auchmoody.

Dog Control – Andrew McKee

10 calls, including 2 calls to service from the New York State Police and Ulster County Sherriff.

2 active complaints and/or cases which are now closed or resolved

2 open cases or complaints.

0 dogs impounded.

0 appearance tickets were issued

There were no dog bites reported

No Dangerous Dog cases under investigation at this time.

Message from Dog Control

We would like to remind residents that all dogs over four months of age are required to be licensed in New York State regardless of their size. This applies to service dogs also. Please contact our Town Clerk to get your dog license, it is quick and easy, all you need is a current rabies vaccination certificate for your dog valid from at least 30 days from the licensing date, thank you.

Finance – Kendra Minard

Highway – Superintendent Richard Klotz

Klotz reported they are mowing and filling pot holes.

Klotz wants to order 2 trucks; they take 2 years to come in.

Supervisor asked if he is going to get started on the Tony Williams Parking lot.

Historian – Joan Kelley

Report of Town Historian – February 2024

Queries:

- 1) Vivian Wadlin asked if the Railroad depot on the new sign by Pratt Lumber was the one on the site or the one on the Hudson. I found a number of photos of the building, taken from different directions, and verified that it is was the one on that site.
- 2) Jerry Linwood requested information about the Hudson Regattas. I referred him to Marist College, as they have all Lloyd's information and much more. He is thinking of proposing another Hudson Regatta based on the West shore, possibly with the railcar viewing stands. I suggested he contact CSX, but it's unlikely they could tolerate a disruption in their service.

Donations:

- 1) 3 full page copies of the Herald Stateman from Yonkers, dated December 29, 1938. They included an aerial view of the Bolognesi winery which showed many buildings that no longer exist.

Hudson Valley Rail Trail

- 1) Nice article about the signs in the Southern Ulster Times.

Town Clerk, Wendy Rosinski and I met with the Grant writer and the vendors who are assessing the documents to be digitized. We determined that their initial proposal to produce the digital images on microfiche would not be an improvement. They

MARCH 6, 2024

suggested another vendor who could take their digital images and make them accessible on the internet. I showed them the 1932 Tax Maps which are in fragile condition.

Historical Items in the Highway Garage

At the Town Board meeting about the proposal to replace the roof of the Highway garage, I asked about provisions to protect the contents of the historical collection stored on the second story. I contacted Highway Superintendent Klotz and he said the whole job would be done in 2 days. I plan to cover the stored paper items, just in case.

Chief Janso and I looked thru the collection to determine if it contained the bones which Warren Sherwood and the Boy scouts dug up at the Slave Cemetery. We didn't find any bones, but there a lot of "stuff" that could be discarded or repurposed. Two large oars, probably used in a Regatta, are taking up a lot of space. I talked to Lennie about displaying them at the Highland Landing building.

I attended a meeting of the Ulster County Historians.

Police – Chief James Janso

PATROL ACTIVITIES:

CALLS FOR SERVICE-----1162
ACCIDENTS-----33 (6 personal injury) (27
property damage)
TICKETS (PARKING/UTT'S) -----82 (82 UTT's) (0 parking ticket)
